

Company Name: CDPHP
NAIC Code: 95491
SERFF Tracking #: CAPD-133641531
Market Segment: Individual

1. Uses the Exhibit for both individual and Small Group Market Plans. A separate Exhibit should be provided for Individual and Small Group filings.
2. Market segment refers to individual rating (which includes Catastrophes) or Small Group.
3. The requested percentage rate change reflects the expected change in premium rates that would apply to the contract holder (or member for Small Group business) on that contract holder's next rate change date for each contract holder within the indicated combination of metal level, rating region, and product name.
4. The "Product Street Name" is the product name as advertised to consumers (i.e., as consumers are likely to refer to this product/metal level when communicating with DFS). A separate row is to be used for each combination of metal level, rating region, and product name.
5. The effective date is the date the contract becomes effective for the first time. For Small Group, the effective date is 1/1/2024, 4/1/2024, 7/1/2024 and 10/1/2024.
6. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions.
7. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions. The "Weighted average percentage rate change" is calculated as the weighted average of the percentage rate change for each of the rating regions.
8. "Lowest" should be the smallest percentage change that could affect any individual contract holder due to the submitted rating filing with that metal level and rating region, including any applicable riders.
9. "Highest" should be the largest percentage change that could affect any individual contract holder due to the submitted rating filing with that metal level and rating region, including any applicable riders.
10. The weighted average percentage should be determined based on annualized premium volume or membership for that metal level, and rating region, including any applicable riders.
11. Percentage Rate Changes should be calculated using memberships as of 3/31/2023.
12. This exhibit must be submitted as an Excel file and as a PDF file.
13. The Total Annualized Premium in Cell Q-24 of this Exhibit should equal the total in Cell Q-41 of Exhibit 13c.
14. The Total Number of Members and Subscribers in Cells H-24 and I-24 of this Exhibit should equal the totals in Cells Q-42 of Exhibit 13c and Cells Q-43 of Exhibit 13c-Supplement respectively (i.e., Only those members/subscribers currently enrolled in plans that will continue to be offered in 2024).
